EXPERIENCE

Digital Director

Wingard | Jacksonville | Sept. 2014–Present

- Worked my way up from a front-end web developer to the digital director, leading a team of three in building websites and developing and managing digital marketing campaigns
- Build custom WordPress themes as well as themes based on Divi framework
- Lead a team of three on web development projects and digital marketing campaigns
- Manage Facebook, Google AdWords, and LinkedIn ad campaigns for 10+ clients averaging \$50K/month in spend
- Pitch new business for web development and digital marketing

Operations & Development Manager

Printing.com | Jacksonville | Jan. 2009–Sept. 2014

- Worked my way up from a graphic designer to a business development manager to operations & development manager
- Supported 40+ franchisees in Florida and Georgia via phone calls, emails, and on-site visits
- Taught corporate design, marketing, and sales curriculum to all incoming franchisees
- Recorded training videos and created all help documents for use in online support
